

GABRIEL GOMES ALMEIDA

CYBERSECURITY | PENETRATION TESTING | RED TEAM

Brasília, DF | (61) 99832-5734 | ggoalmeidaa@gmail.com

PROFESSIONAL SUMMARY

IT professional with experience in software development, technical support, process automation, and systems integration. Transitioning into Cybersecurity, with hands-on practice in Web Application Penetration Testing, Red Teaming, Active Directory, OSINT, and vulnerability analysis. Knowledge of Linux, Windows, networking, and scripting with Python, PowerShell, and Bash.

PROFESSIONAL EXPERIENCE

Developer | RPprospecção Ltda.

Jan 2024 - Jan 2025

- Provided technical support to users and diagnosed issues in systems and processes.
- Developed and maintained internal automations using n8n.
- Integrated systems, APIs, and databases.
- Supported process improvement and information organization.

Developer Intern | TJDF

Jan 2025 - Jun 2026

- Supported the maintenance of internal systems, institutional portals, and dashboards.
- Provided technical support to internal users and collaborated with IT infrastructure.
- Worked on systems integration and alignment between business and technology teams.
- Automated routine tasks using Python, PowerShell, Bash, and n8n.

TECHNICAL SKILLS

Security: Web Application Penetration Testing, Red Teaming, OSINT, Active Directory, OWASP, MITRE ATT&CK, and vulnerability analysis.

Infrastructure: Linux, Windows, TCP/IP, network services, log analysis, and troubleshooting.

Tools: Burp Suite, Nessus, Impacket, BloodHound, Microsoft Sentinel, and Microsoft Defender.

Automation: Python, PowerShell, Bash, SQL, NoSQL, APIs, and n8n.

EDUCATION

Systems Analysis and Development | Centro Universitário IESB - Brasília

Jan 2024 - Jul 2026

Areas of study: Information Security, Networking, Databases, Software Engineering, and Automation.

CYBERSECURITY PRACTICE

Offensive security labs focused on reconnaissance, enumeration, exploitation, privilege escalation, and technical documentation; studies in Threat Intelligence, Threat Hunting, and search engine dorking.
